METAL DESIGN

Brushed Aluminium Prints

Our Metal Designs are printed on “brushed” aluminium which gives the print a striking special effect: a metallic shimmer in the unprinted areas.

This is a lightweight material made from two sheets of aluminium joined by black polyethylene with a total thickness of 3 mm. The 7-colour printing ensures a high-resolution print with intense and sharp colours.

The Metal Designs come with a hook and rubber spacers to create a unique 3D effect on the wall.

The shapes and subjects used are also perfect for creating wall compositions.

Embossed Stickers

Creative is a special collection designed to give a personal touch to kitchens and bathrooms. The stickers can be easily applied on tiles and ceramic objects, such as cup, pots and sink, vases, glasses and other accessories.

The Creative stickers are made of a special self-adhesive material, water and moisture resistant, wipeable with a regular detergent cleaner, easy to apply and remove without leaving traces of glue. These peculiar stickers distinguish themselves from ordinary decals due to their three-dimensional shapes, given by a special resin and for their resistance to soap and hot water wash.

WINDOW STICKERS

Static Cling

Our window and glasses decorations are visible on both sides and are washable and light-resistant.

Thanks to the window stickers, it is easy to jazz up windows, mirrors or even fridges or cars. They can also be used to add privacy or to highlight glazed areas for added safety. You will be able to apply the nice Window Decals to give a touch of color to the glass.

You can remove them at any time and reapply them as many times as you want without leaving marks or dirty!
